WORK EXPERIENCE:

Sandbox, Newport Beach, CA

May 2017 - March 2018

The Sandbox Agency is an international full-service advertising agency that focuses on what's most important in today's world - collaboration. Some of their notable clients are NBC Sports, LG, American Express, Sprint and Heineken .

Front End Developer

- Developed and styled pages from the ground up with Webpack/Gulp and Sass.
- Worked with the development team to build and maintain application platforms.
- Collaborated with creatives and developers on various projects on a daily basis.
- Increased average production rate by 10%.
- Followed industry trends and web technologies to achieve the best results for web applications.
- Clients: UnitedHealth Care, Monsanto, AARP Medical Supplements, and House of Lashes.

Pixel Motion, Irvine, CA

September 2016 – May 2017

Pixel Motion is an innovative digital agency that combines creative excellence and industry leading talent to redefine the digital experience. Some of their clients include Rolls Royce of Orange County, BMW of Toledo, and Covert Dodge.

Junior Front End Developer

- Created custom mobile responsive websites and landing pages from a PSD Design on a project based environment.
- Performed routine debugging and troubleshooting of existing client sites using a variety of CMS platforms such as WordPress and ModX.
- Utilized Bootstrap and jQuery for all responsive developments.
- Provided excellent project management skills by managing multiple projects and client accounts.
- Clients: Rolls Royce of Orange County, Hornburg, Agility Fuel Solutions, DC Auto Auctions, Mikelson Yachts, Irvine Auto Center, BMW of Toledo and Covert Dodge.

PROJECTS:

DC Auto Auctions

- Used WordPress to build a custom theme for the Auction house.

Rolls-Royce Motor Cars Orange County

- As the lead front end developer for this project, I consulted with the client regarding the user experience(UX) and user interface(UI) development for the redesign of the page.
- Used ModX as a CMS platform to develop a responsive redesign for the dealership.

Truess Fitness Apparel

- Used Shopify to manage the company's social media feeds.
- Increased traffic for their eCommerce site by 5%.

Monsanto Traits Experience

- Built an interactive web application to showcase their corn traits technologies.

EDUCATION:

General Assembly, Los Angeles

January 2016 – April 2016

Front-End Web Development

University of California, Riverside

September 2009 – June 2014

Bachelor of Arts, Sociology
